### 1. Conflict of Interest Disclosure

A conflict of interest exists when an author (or their institution) has financial, personal, or professional relationships that could influence the manuscript. All authors must disclose any conflicts of interest, including but not limited to:

**Financial Interests:** Any funding, grants, payments, or financial support received for this work (e.g., from government agencies, private foundations, industry sponsors).

**Personal Relationships:** Any relationships with individuals or organizations that could be perceived as influencing the research.

**Academic & Professional Conflicts:** Any employment, consultancies, advisory roles, board memberships, or other affiliations relevant to the manuscript.

**Intellectual Property:** Any patents, trademarks, or proprietary rights related to the research.

i. Do you or any of your co-authors have any financial, institutional, or personal conflicts of interest to declare?

No, the authors declare no conflicts of interest.

Yes, the following potential conflicts of interest exist (please describe below):

## 2. Funding Disclosure

### i. Source of Funding

Did this research receive any financial support?

Yes – Provide details below

No – The research was conducted without external funding

If yes, provide details:

<b>Funding Source</b>	<b>Grant Number (if applicable)</b>	<b>Recipient Name</b>

### ii. Role of Funders

Did the funders have any role in the following aspects of the research? *(Check all that apply)*

Study design

Data collection and analysis

Manuscript writing or editing

Decision to publish

No influence from funders

If the funders were involved, please describe their role:

## 2. Acknowledgment of Potential Influence

Do you acknowledge that any disclosed conflict of interest will be transparently reported in the manuscript?

Yes

No

### Author Declaration

By signing below, I certify that the information provided above is accurate to the best of my knowledge. I understand that failure to disclose conflicts of interest may result in manuscript rejection or retraction.
